For printing a new weekly PAPER, entitled

THE

UNITED STATES CHRONICLE:

Political, Commercial, and Hiſtorical.

PLAN of the WORK;

THE moſt intereſting Articles of Intelligence, from foreign or domeſtic Publications, will be carefully ſelected, and arranged in a clear and conſpicuous Manner:—Occurrences within this State will be particularly attended to.

Eſſays, of a moral or political Nature, or tending to illuſtrate the Arts and Sciences, or for any other good Purpoſe, will be received with Pleaſure, and publiſhed (if they ſhall be deemed proper for the public Eye) in the Order in which they are received.

Advertiſements, which are of ſo much Importance to the mercantile Part of our Readers, will be inſerted in a conſpicuous and correct Manner, and on the moſt reaſonable Terms.

Authentic Articles of Intelligence from Correſpondents will be thankfully received, and a *proper* Acknowledgment made for thoſe of Importance.

As the Publiſher of this Paper has, at a conſiderable Expence, eſtabliſhed an extenſive Correſpondence in Europe, the Weſt-Indies, and throughout the United States (by which Means he will not only receive all the lateſt News-Papers, but ſeveral of the moſt admired Magazines, and other periodical Works in London, *&c.*) He doubts not of furniſhing his Readers with the earlieſt and moſt authentic Advices:—And as he has lately received from London, a new and capital Aſſortment of Printing-Materials, he will be enabled to ſtand on equal Ground, in the Typographical Line, with any Perſon of his Branch in New-England.

Peace having taken Place, and our great and flouriſhing Republic being now eminently ranked and reſpected among her Siſter Nations of the Earth, will afford an Opportunity for the Cultivation and Promotion of the fine Arts and Sciences extremely grateful to the Philoſophic and Generous:—And it will be our unremitted Care to render this new Publication as uſeful, entertaining and inſtructive as poſſible; for which Purpoſe we ſhall ſpare neither Pains or Coſt. We have received generous Encouragement of Aſſiſtance from our Friends, by which we hope to be enabled occaſionally to communicate to the Public ſuch ſhort, entertaining Hiſtories, pleaſing Pieces of Poetry, Eſſays, and Extracts from the beſt Authors, as will not fail of meriting the public Approbation.—Our Paper will be conformed to its Title, and during its Publication we mean that it ſhall, in a methodical Manner, contain a *Political, Commercial* and *Hiſtorical* Portraiture of the Times, and particularly of the great American Republic—Sketches of the Hiſtory whereof, from its firſt Riſe, will be inſerted as Opportunity ſhall preſent:—Geography, Natural Hiſtory, Biography and Government; and whatever may tend to promote Agriculture, Population, Trade and Manufactures, in the United States of America, we will endeavour to make a Part of our Collection:—The Patronage and Support of the Learned, the Candid and the Ingenious we wiſh to merit, and by meriting we hope to obtain.
